

# Science IDEAS - Advanced Professional Development Institute Summer 2009

**Participants:**  
Continuing Teachers

**Date:**  
Monday, June 15 to  
Friday, June 19

**Time:**  
8:30am to  
3:30pm

**Location:**  
FAU Majestic Palm RM,  
University Center

## **The Summer Science Institute Provides an Opportunity for Teachers to:**

- Refine teaching strategies associated with the Science IDEAS Model including: concept mapping, reading comprehension routine, hands-on activities, writing activities, application activities and prior knowledge activities
- Learn how to build meaningful science assessments and evaluate student work products
- Enhance "integration" of reading comprehension and language arts into everyday science instruction
- Increase planning for curriculum integration of the Science IDEAS elements

## **Requirements**

- Attend all 5 days of the Summer Institute and agree to participate in the Science IDEAS Project during the 2009-2010 school year
- Online registration is required for Institute

To register for the Advanced Summer Institute please go to [www.scienceideas.org](http://www.scienceideas.org) and click on "Institute Registration" on the bottom left of the page. Please make sure to click on *Advanced Summer Institute*
