

# Science IDEAS K-2

## Professional Development Institute

### Summer 2009

#### Participants:

New Teachers, Grades K-2  
New Schools

#### Date:

Monday, June 15 to  
Friday, June 19, 2009

#### Time:

8:30am to  
3:30pm

#### Location:

Florida Atlantic University  
Boca Raton Campus

#### The Summer Science Institute Provides an Opportunity for Teachers to:

- Build an understanding of core science concepts and *new* Sunshine State Standards
- Build a repertoire of inquiry-based hands-on science activities
- Integrating reading comprehension and writing into science teaching
- Learn concept mapping skills to improve reading comprehension skills
- Participants will be able to apply for 30 inservice points (following district guidelines)

#### Requirements

- Attend all 5 days of the Summer Institute and agree to participate in the Science IDEAS Project during the 2009-2010 school year

To register for the K-2 Summer Institute please go to [www.scienceideas.org](http://www.scienceideas.org) and click on "Institute Registration" on the bottom left of the page. Please make sure to click on *K - 2 Summer Institute*

For more information, please call Patty Springer 561-297-2198

*The NSF/IERI Science IDEAS Project operates in conjunction with Florida Atlantic University, Broward County Schools and the School District of Palm Beach County*  
*Workshop limited to 35 people*
