

Science IDEAS - Level 1

Professional Development Institute

Summer 2009

Participants:
NEW Schools and
NEW Teachers
Grades 3–5

Location:
Boca Elementary

Date:
Monday, June 8 to
Friday, June 19

Time:
8:30am to
3:30pm

The Summer Science Institute Provides an Opportunity for Teachers to:

- Build an understanding of core science concepts and *new* Sunshine State Standards
- Build a repertoire of inquiry-based hands-on science activities
- Integrate reading comprehension and writing into science teaching
- Learn concept mapping skills to improve reading comprehension skills
- In-service points can be applied for and a stipend will be available

Requirements

- Attend all 10 days of the Summer Institute and agree to participate in the Science IDEAS Project during the 2009-2010 school year
- Online registration is required for Institute

To register for the Summer Institute please go to www.scienceideas.org and click on "Institute Registration" on the bottom left of the page
Please make sure to click on *Level 1 Summer Institute*
